

Attachment for Claim Amendments

The following is a marked up version of each amended claim in which underlines indicates insertions and brackets indicate deletions.

19. (Amended) The method of Claim 17, further comprising providing power to the [radio] audio signal circuit while providing power to the battery pack.

20. (Amended) The method of Claim 17, further comprising manually switching the power supply to provide power to the [radio] audio signal circuit from the battery pack.

44. (Amended) The apparatus of Claim 43 wherein the connector is adapted for connection to an AC power source, and the apparatus further comprising a second electrical circuit connectable to the battery pack for powering the [radio] audio circuit when the connector is disconnected from an AC power source.
